NEW YORK, November 1, 2018 — On November 1st, *Global Finance* presented the World's Best Digital Bank Awards at its Digital Banks and Innovators Awards Dinner at RIBA (Royal Institute of British Architects) in London.

The overall winners for Global and Regional Corporate/Institutional Digital Banks, Consumer Digital Banks and Digital Mortgage were announced. Also announced were the overall Global sub-category winners.

The grand prize of World's Best Digital Bank was presented to Citi.

A full report will appear in the December 2018 issue of *Global Finance*. Round 1 winners previously appeared in the September 2018 issue, covering winners in individual countries and regional sub-categories.

*Global Finance's* World's Best Digital Bank Awards are based on submissions from banks that wish to be considered. This year, nearly 300 individual banks from around the world entered the competition.

The Awards judging panel was comprised of representatives from Infosys, a global leader in consulting, technology and outsourcing solutions. Based on the judge's evaluations, *Global Finance's* editors made the final selections.

Winners were selected based on strength of strategy for attracting and servicing online customers, success in getting clients to use digital offerings, growth of online customer base, breadth of products offered, evidence of tangible benefits gained from digital initiatives, and web site design and functionality. Sub-category winners were selected on the basis of relative strength, products and services.
