

Global Finance Names The Innovators 2019

NEW YORK, April 29, 2019 – As part of The Innovators 2019, *Global Finance* magazine has announced top innovations in the following sectors: Cash Management, Corporate Finance, Islamic Finance, Payments and Trade Finance. *Global Finance* also named a group of innovations that did not neatly fit into any of the above categories, but still deserved to be recognized. They are shown as Special Honors on the list that follows.

This is the publication’s seventh annual awards recognizing entities that regularly identify new paths and design new tools in finance. A full report on The Innovators 2019 will be published in the June issue of *Global Finance*. It will also include the publication’s choices for the 25 Best Financial Innovation Labs and selections for the most innovative financial institutions in the following regions: Africa, Asia Pacific, Central & Eastern Europe, Latin America, the Middle East, North America and Western Europe.

“The financial institutions winning *Global Finance*’s The Innovators 2019 honors excel in breaking down silos to unleash creative thinking,” said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*. “Best of all, they have shown how to channel creativity into valuable products and solutions.”

The 2019 Innovators honorees will be recognized at the *Global Finance* Digital Banks Awards Dinner on October 30 at the Sheraton Hong Kong. Middle East Innovators will be honored at the *Global Finance* Middle East Digital Banks and Innovators Conference and Awards at the Ritz-Carlton in Dubai on September 10.

All selections were made by the editorial board of *Global Finance* with the input of reporters who are experts on the functions being served by these innovators. Entries from banks and other organizations were carefully considered as part of the decision process.
